

The first decentralized business platform that meets
100% of your organizations needs,
runs from **inside your company** and
will **save you thousands on IT.**

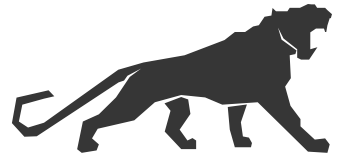

Is PantherX for you?

1. You want to **stop paying subscriptions for 10 different tools** and companies
2. You have **at least 1 employee** and don't care for a IT department
3. You want to **have access** to all the tools you use every day **without password**
4. You don't want any downtime and **can't lose any of your data**
5. **You want to automate stuff** like time tracking for employees
6. You have specific **requirements like warehousing or need a CRM**

**You want a all-in-one platform
that serves all your business needs
and is 100% in your control.**

What is the PantherX Ecosystem?

PantherX OS

Unbreakable, secure, intuitive operating system that keeps you productive and is designed not to interrupt.

Remotely managed, automatic updates and backup and over 13,000 quality apps.

Panther Computer

A computer that works perfectly with PantherX OS and transforms from desktop PC to Laptop before you can say “Wow”.

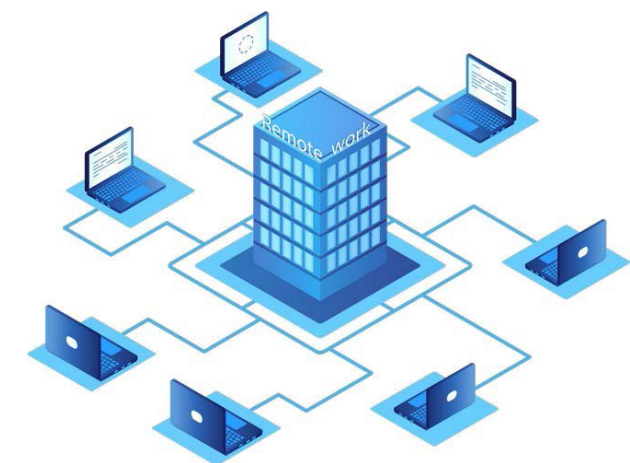

Fast, easy to setup, totally silent, affordable and extremely energy efficient.

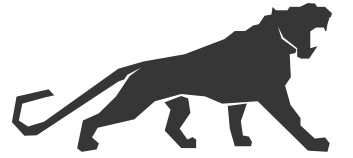

Central Management

The central control station that ties everything together, and provides everything you need to run your business.

All essential tools, ERP, CRM, Marketing Automation, Time tracking, ... tightly integrated.

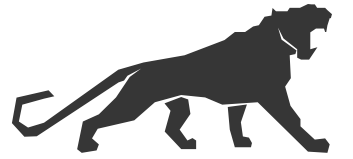

PantherX OS

- Secure operating system with most advanced features

Control over the product	Yes, 100%	No	No	No
Account required to access basic functions like App Store	No	Yes	Yes	Yes
Additional features often involve signing up with more third parties	No	Yes	Yes	Yes
Subscription is anonymous	Yes	No	No	No

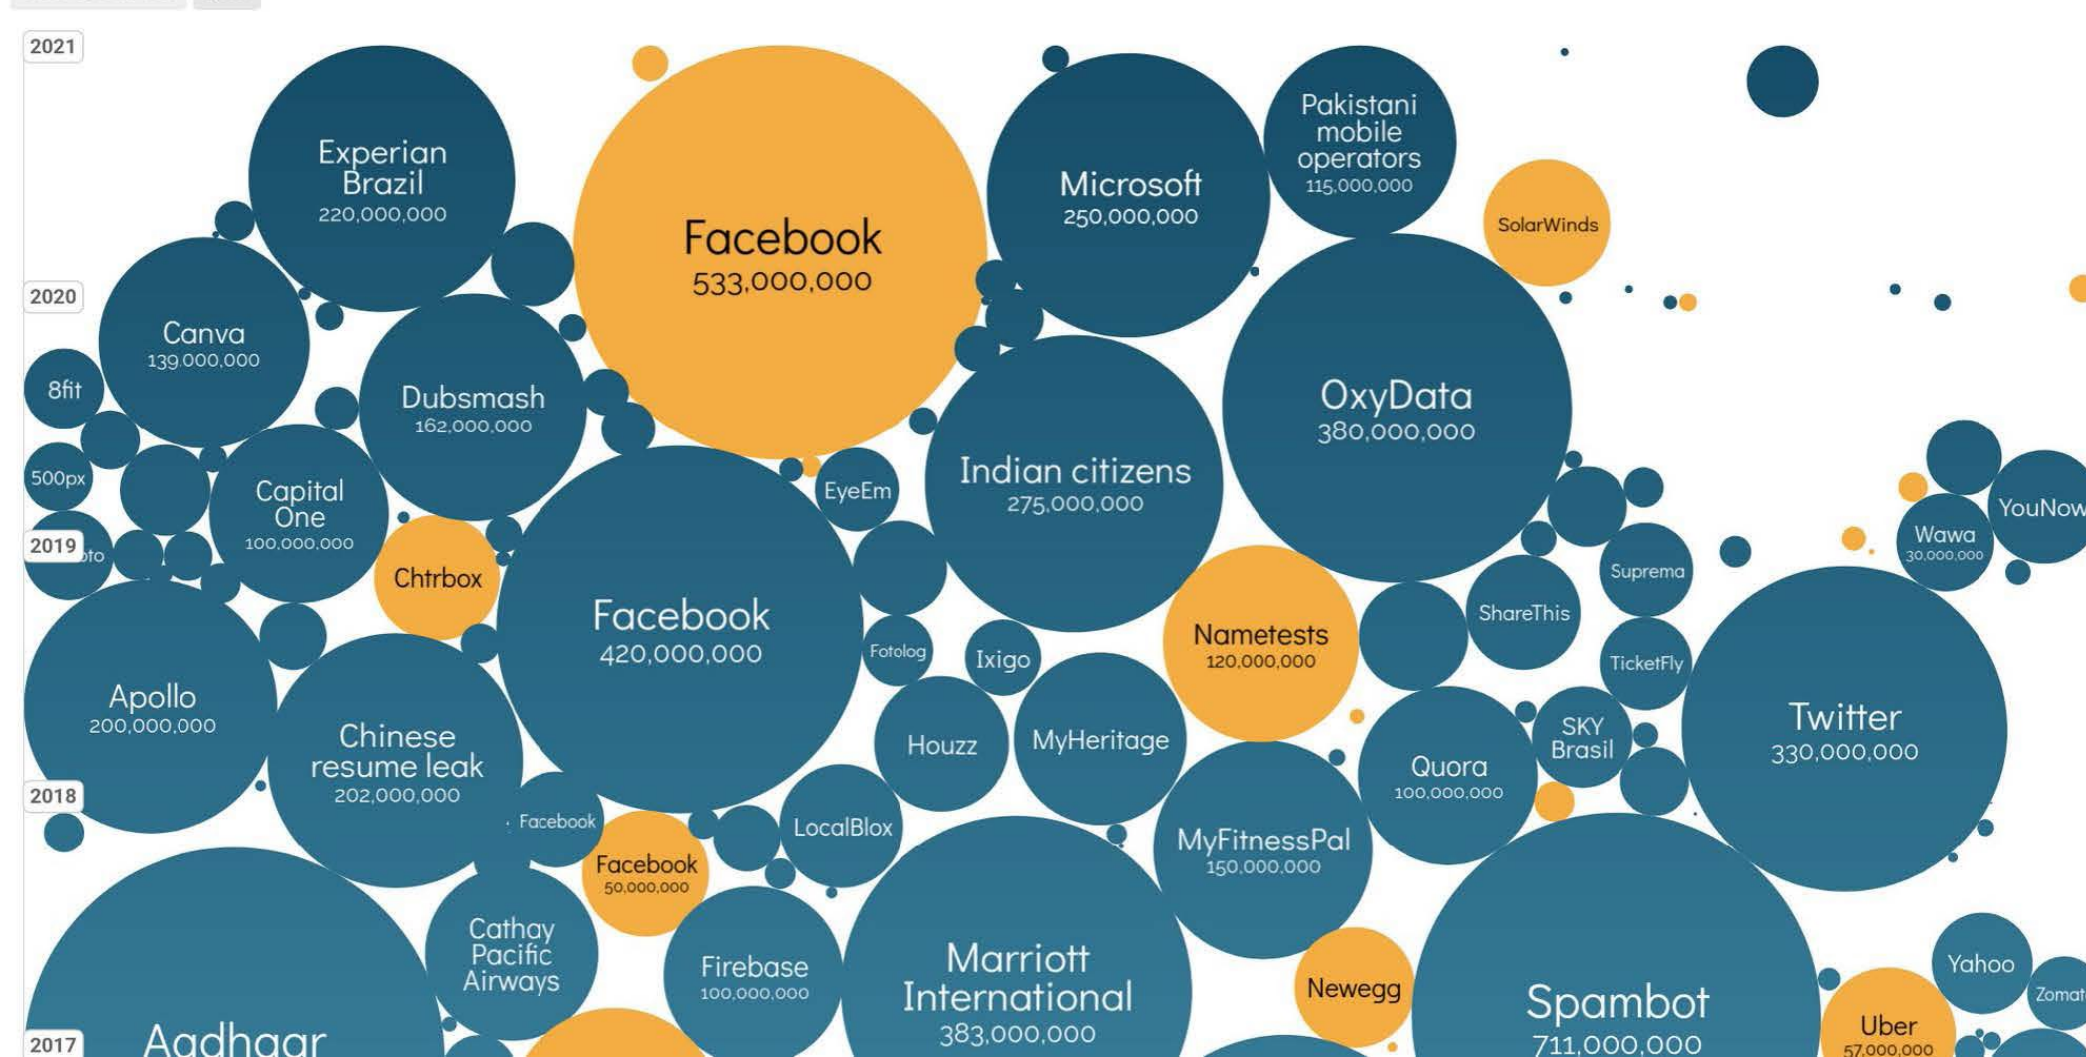

When Microsoft gets hacked, you are one of the 250,000,000 affected users and businesses... now what? Hope Microsoft won't get hacked again?

World's Biggest Data Breaches & Hacks

Selected events over 30,000 records

UPDATED: Apr 2021

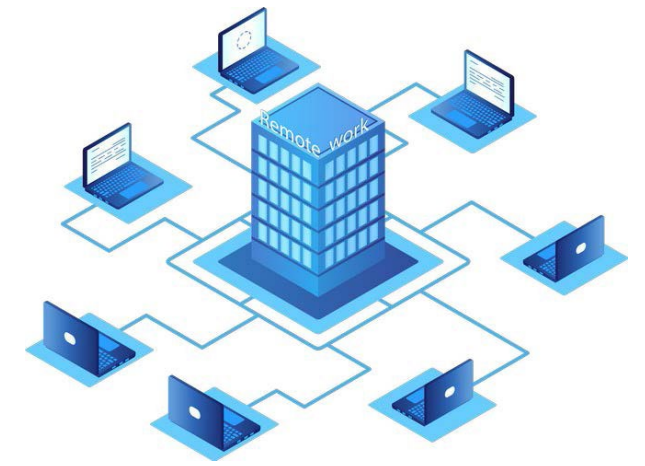

size: records lost filter

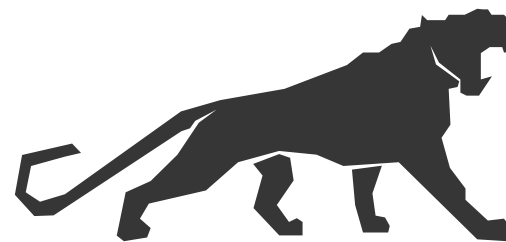

**On PantherX,
you are 250,000,000x
less likely to get hacked.**

We don't claim that PantherX is bullet-proof but when someone breaks into your neighbors house, that shouldn't affect you.

Modules

PantherX works great out of the box but if you need more power, it can easily support every use-case. From 5 user shipping business to 2,000,000 user regional government.

Modules

- A growing number of built-in modules to meet various business needs
- 1-click installation and integration of ERP, CRM, Marketing- and Shop- Software
- Support for 3rd party providers like Pipedrive, Postmark, ...
- Industry specific modules for education

Additionally our platform comes with great development tools to realize your own projects:

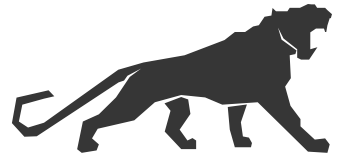

- QT GUI library for quick prototyping
- Libraries for Accounts and Hub integration
- Authentication, synchronization ...

CENTRAL MANAGEMENT

USER IDENTITY	GROUPS
DOCUMENTS	SIGNING
SHARING	APPROVAL
TIME TRACKING	CHAT
ACCESS SYSTEM	BACKUP
DEVICE MONITORING	PAYMENTS

Summary

1. **All-in-one business platform** that covers all your organization's needs
2. Designed to run independent from any particular provider
3. Easy enough to **setup and maintain without special IT knowledge**
4. Massively **increases your organization's security while reducing cost up to 75%**
5. Flexible enough to **meet special requirements**, or serve as foundation for something bigger

Take all the tools you currently use: Dropbox, Whatsapp, Zoom, Google Drive, Carbonite, Salesforce, Pipedrive, Slack, OpenChat, Windows, Mac OS, Wufoo, Zapier, Formsfree, Hubspot Marketing, Trello, Asana, OneDrive, DocuSign, Skype, Microsoft Office, iCloud, Backblaze, ...

And replace them with a unified platform, that you own and control 100%.

You know best how-to run your business

**Run it from your
(home-) office
on PantherX**
